

MAROON CREEK CLUB MASTER ASSOCIATION

DATE: *24 September 2004*

TO: *Owners and Architects with projects at the
Maroon Creek Club single family homes and townhomes*

FROM: *William Lukes AIA
SARC Architectural Advisor*

RE: *Hours of construction*

The Site and Architecture Committee voted on September 23, 2004 to change the approved hours during which construction work can occur within the subdivision.

Effective Friday, October 1, 2004, construction is only allowed between the hours of 7:00 AM and 5:00 PM, Monday through Saturday.

Please make sure that your contractor[s] know of this change before October 1 - we ask that all jobs post this notice in their trailer.

If anyone has complaints about violations of this rule or other complaints about construction activities, please contact Steve Elliott, your Association Manager, at selliott@rof.net or at 920-1776 during normal working hours.
